There's a reason patients come from 32 states.

NO OTHER HOSPITAL CAN OFFER THE CARE THAT MADONNA CAN.

When 4-year-old Owen skateboarded out of his driveway and into the path of a car, he sustained a traumatic brain injury. His parents vowed to go anywhere to ensure he received the very best care, so they left their home in Iowa and brought him to Madonna Rehabilitation Hospital.

HOME OF WORLD-CLASS REHABILITATION CARE AND RESEARCH.

Patients travel from across the country to Madonna for rehabilitation. Why do they choose to go so far from home? To get the kind of specialized care they can't get at any other hospital. Madonna is the only hospital in the nation to have all levels of rehabilitation under one roof, along with a research institute dedicated to developing new rehabilitation methods and technologies.

SPECIALIZED PROGRAMS MAKE MADONNA A NATIONAL DESTINATION.

We are known for our expertise in traumatic brain injury, spinal cord injury and stroke – and one of only a few accredited pediatric rehabilitation hospitals in the country. State-of-the-art technology, combined with the individualized care and compassion you can only get from specialists, brings thousands of patients to our 23-acre campus each year. On-site housing for families means that no matter how far a patient has to travel, they don't have to be alone.

OTHER HOSPITALS SAVE LIVES. WE REBUILD THEM.

If you or someone you love is ever faced with the "What now?" that comes after catastrophic injury or illness, remember that you have a choice in rehabilitation. Insist on the very best in care, from Madonna – the experts setting new standards for excellence.

CHOOSE A BETTER OUTCOME. CHOOSE MADONNA.
