

Madonna Rehabilitation Specialty Hospital Omaha (MRSO) is appropriate for individuals who require intense medical management for a longer period of time than generally occurs in the acute care hospital. Unlike most specialty hospitals, Madonna has chosen to utilize a rehabilitation approach to care for the individuals served.

**337**

## NUMBER OF PEOPLE SERVED

Program	People Served*

## MADONNA REHABILITATION SPECIALTY HOSPITAL OMAHA (MRSHO)

### HOW OFTEN WILL I SEE A DOCTOR?

You will be seen daily by a hospital physician, and as needed by physicians who specialize in rehabilitation, pulmonology, neurology, cardiology, wound care or other specialty areas.

### UNPLANNED TRANSFERS TO ACUTE CARE

Madonna is a hospital with clinical staff on-site 24 hours a day, seven days per week.

Last year **80** (24%) of patients had unplanned transfers to acute care. Most of these returned to MRSHO to complete their program. According to the latest Medicare data, MRSHO is in the top 11% of specialty hospitals in the United States for preventing readmissions to acute care within 30 days of discharge.

### DISCHARGE TO COMMUNITY OR ACUTE REHABILITATION

**56%** of patients were discharged directly home or to an acute rehabilitation hospital to continue their recovery.

### VENTILATOR WEANING

**55%** of those who were admitted on a mechanical ventilator weaned in an average of **11** days.

### ACCREDITATION

MRSHO has accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) as a Comprehensive Integrated Inpatient Rehabilitation Program.
