

MADONNA REHABILITATION SPECIALTY HOSPITAL OMAHA (MRSHO)

Madonna Rehabilitation Specialty Hospital Omaha (MRSHO) is appropriate for individuals who require intense medical management for a longer period of time than generally occurs in the acute care hospital. Unlike most specialty hospitals, Madonna has chosen to apply a rehabilitation approach to care for the individuals served.

AVERAGE THERAPY HOURS

Last year, people served in MRSHO had an average of **1.8 hours** of physical, occupational, speech and/or psychology per day delivered by licensed therapists. In addition to therapies, patients receive skilled rehabilitation nursing care 24 hours per day, seven days a week. As appropriate, you may also receive respiratory and nutrition therapy as well.

LENGTH OF STAY

Individuals at MRSHO stayed an average of **25.4** days last year.

PATIENT SATISFACTION

97% of patients rated their overall experience as excellent or good and **90%** said they would definitely recommend MRH to family or friends.

409 NUMBER OF PERSONS SERVED

PROGRAM	PEOPLE SERVED

HOW OFTEN WILL I SEE A DOCTOR

You will be seen daily by a hospital physician, and as needed by physicians who specialize in rehabilitation, pulmonology, neurology, wound care or other specialty areas.

UNPLANNED TRANSFERS TO ACUTE

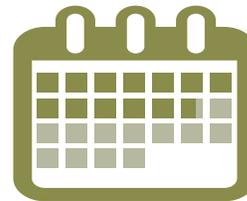

Madonna is a hospital with clinical staff on-site 24 hours a day, seven days per week.

Last year **138** (31%) of patients had unplanned returns to acute care. Most of these returned to MRSHO to complete their program. According to the latest Medicare data, MRSHO is in the top 6.5% of long term acute care hospitals in the US for preventing readmissions to acute care within 30 days of discharge.

DISCHARGE TO HOME/ COMMUNITY

51% were discharged directly home or to an acute rehabilitation hospital to continue their recover.

VENTILATOR WEANING

66.6% of those who were admitted on a mechanical ventilator weaned in an average of **12.8** days.

ACCREDITATION

MRSHO has accreditation from CARF International as a comprehensive integrated inpatient program, brain injury specialty program, spinal cord system of care, stroke specialty program and pediatric specialty program.

Additionally, MRSHO has accreditation from the Joint Commission. Accreditation by the Joint Commission signifies our organization meets rigorous performance standards in delivering quality, safe care.
