

MADONNA REHABILITATION SPECIALTY HOSPITAL LINCOLN (MRSHL)

Madonna Rehabilitation Specialty Hospital–Lincoln (MRSHL) is appropriate for individuals who require intense medical management for a longer period of time than generally occurs in the acute care hospital. Unlike most specialty hospitals, Madonna has chosen to utilize a rehabilitation approach to care for the individuals served.

AVERAGE THERAPY HOURS

Last year, people served in MRSHL had an average of **2.4 hours** of physical, occupational, speech and/or neuro psychology per day delivered by licensed therapists. In addition to therapies, patients receive rehabilitation nursing care 24 hours per day, seven days a week.

As appropriate, patients may also receive respiratory and nutrition therapy.

LENGTH OF STAY

Individuals at MRSHL stayed an average of **33** days last year.

PATIENT SATISFACTION

97% of patients rated their overall experience as excellent or good and **89%** said they would definitely recommend MRSHL to family or friends.

398 NUMBER OF PEOPLE SERVED

HOW OFTEN WILL I SEE A DOCTOR

You will be seen daily by a hospital physician, and as needed by physicians who specialize in rehabilitation, pulmonology, neurology, cardiology, wound care or other specialty areas.

UNPLANNED TRANSFERS TO ACUTE CARE

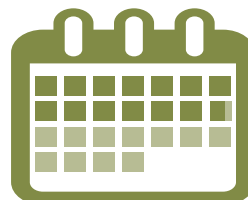

Madonna is a hospital with clinical staff on-site 24 hours a day, seven days per week.

Last year **43** (10%) patients had unplanned transfers to acute care. Most of these returned to MRSHL to complete their program. According to the latest Medicare data, MRSHL is in the top 1.2% of long term acute care hospitals in the United States for preventing readmissions to acute care within 30 days of discharge.

DISCHARGE TO COMMUNITY OR ACUTE REHABILITATION

51% were discharged directly home or to an acute rehabilitation hospital to continue their recovery.

VENTILATOR WEANING

72% of those who were admitted on a mechanical ventilator weaned in an average of **12.9** days.

ACCREDITATION

MRSHL has accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) as a Comprehensive Integrated Inpatient Rehabilitation Program.
